2. “New construction” means new buildings or structures and includes new buildings or structures which are constructed as additions

provided, however, if the shell building or any portion of the shell building is leased or sold, the portion of the shell building which is leased or sold shall not be entitled to an exemption for subsequent years. In addition, an exemption shall not be granted a speculative shell building of a for-profit entity if the building is used by the for-profit entity, subsidiary of the for-profit entity, or majority owners of the for-profit entity for other than as a speculative shell building.

9.04 EXEMPTION EFFECTIVE. The exemption shall be effective for the assessment year in which the speculative shell building is first assessed for property taxation or the assessment year in which the reconstruction or
